

Municipality: Town of Longboat Key	Application Ref #: HMGP 4673-(455)
Project Type: Flood Risk Reduction	Project: Longboat Key
Program: HMGP	Village

GROUND DISTURBANCE ACTIVITIES

Ground disturbance activities are illustrated on the provided map and are conceptual. Ground disturbance activities, quantities, and depths will be refined during the design phase.

The project will impact / include work in, over, or under wetlands or waterbodies potentially in the pipe and structure construction areas if outfalls require replacement.

Activity	Units (Estimated)	Quantity (Estimated)
Proposed Structures	EA	12
Modify Existing Structures	EA	12
Upsize Stormwater Pipe (size varies)	LF	1,590
New Stormwater Pipe (size varies)	LF	1,440
Structure Construction Limits (6' – 8' depth)	SQ FT	4,181
Pipe Construction Limits (6' – 8' depth)	SQ FT	46,899
Road Reconstruction Limits (< 1.5' depth)	SQ FT	264,311
Limits of Minor Grading (< 1' depth)	SQ FT	31,314
