<!--[endif]--> Hello Charlie
Adriana and I met with you yesterday.
Here are our answers to below.

Please assist us by answering the following questions:

1. How deep was the water in your house? 6"
2. How deep was it in your garage? 12"
3. How long was water over the road in front of your driveway?

Roughly 2 days. It came up into house on Sunday & Monday at high tides

4. If you used sandbags or a flood barrier, and water did not enter the house, how high was the water above the level of your floors?

Will send pictures

5. If water did not enter the house or garage, how close did it get, and how deep was it in the yard at the deepest point?
