

Aflac Vision Now®

VISION INSURANCE – SUPPLEMENTAL PLAN

You can never see into the future.
But our vision plan helps make the
path to getting there a little clearer.

NOTICE: The coverage offered is not a qualified health plan (QHP) under the Patient Protection and Affordable Care Act (ACA) and is not required to satisfy essential health benefits mandates of the ACA. The coverage provides limited benefits.

The first plan designed to help protect one of your most valuable assets—your vision

According to an old proverb, the eyes are the windows of the soul. While we agree that may be true in a philosophical sense, at Aflac we also believe your eyes are the windows to even more: your overall health, for instance. Aside from maintaining good vision and detecting conditions such as glaucoma, eye exams can also reveal much more. They can help spot high blood pressure, diabetes, high cholesterol, and even brain tumors.

That's why we've developed the Aflac Vision Now® supplemental vision insurance policy.

The Aflac Vision Now® supplemental plan is different because it encourages individuals and their families to be more proactive and preventive about caring for their vision. Most importantly, it takes vision insurance to the next level by paying benefits for eye surgeries, specific eye diseases/disorders, and permanent visual impairment.

Read on to learn more about this unique approach to insuring one of your most important assets.

Understand the difference Aflac makes in caring for your vision.

Aflac goes beyond traditional exams and provides benefits for serious eye conditions. In addition to an eye exam benefit and a choice of vision correction benefits, we will pay benefits for specific eye diseases and disorders, eye surgeries, and permanent visual impairment—all without network restrictions.

No provider network

You have the freedom to choose any eye-care provider.

Coverage will include any other dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapacitated while covered under the policy and before age 26. Dependent children are your natural children, stepchildren, legally adopted children, foster children, or children in the insured's custodial care who are under age 26.
