TO: David Bullock, Town Manager

FROM: Robin D. Meyer, AICP, Director
Planning, Zoning and Building Department

SUBJECT: Longbeach Village Association Meeting - Topics of Concern to Residents

On November 7, 2012 staff from Police, Public Works and Planning, Zoning, and Building Departments met with the citizens in the Village on the North end of Longboat Key to discuss the proposed change in street parking hours on Broadway. The request was generated by the owners of Moore's Stone Crab Restaurant and Mar Vista Restaurant to provide reasonable on street parking hours for their customers.

At the meeting the citizens identified a number of other issues in their neighborhood that they had concerns about. Staff has put together the attached presentation that summarizes the citizens comments regarding the proposed change in on street parking hours and other the concerns that the neighborhood raised. Staff will present this information, along with recommendations for addressing these concerns.

This item is placed on the December 3, 2012 Regular Meeting for your review, discussion, and direction.
