Recommendations of the Planning Commission were presented by Neno Spagna, Planning Director.

T-3/82(P) HOLIDAY COVE POSTPONED
 Requesting preliminary approval on property located north of Cortez Road at 120th St. W.
 The Planning Commission recommended approval subject to certain stipulations. (Postponed from July 31, 1973)

Jim Kennedy, engineer, questioned stipulation regarding buffer and screening along Cortez Road. After general discussion, a meeting was scheduled with the principals and county officials on Thursday, August 9, 1973 for further review.

R-609 GERALD J. LUNDE C-2 ZONING DEFERRED
 Requesting change of zoning from District C-1 to District C-2 for all uses allowed under C-2 zoning and to conform with surrounding zoning on property located at 1319 57th Ave. E., Bradenton.
 The Planning Commission recommended approval subject to the granting of (by deed) seventeen (17) feet of right of way along the south property line.

Richard Bailey, attorney for the petitioner, argued against this item (No. 4) in the committee report as to petition being granted based on deed to the County for the right-of-way. He requested that the Board consider approval on basis of merits in the report and not on the petitioner giving the land. There was general discussion, but no action taken by the Board until all members present.

R-610 RAY L. HAMPTON R-1AA ZONING
 (Dale L. Price, attorney) - Requesting change of zoning from District R-1A to District R-1AA for construction of one and two family dwellings on property located on the west side of 24th St. W., bordered on the west by 25th St.W., on the north by 26th Ave. W. and on the south by 30th Ave.W, Bradenton. The Committee report was read.
 The Planning Commission recommended approval on those lots fronting on 25th St. W., i.e. all of Lots 25 through 40, and denial on those lots fronting on 24th St. W., i.e. all of Lots 1 through 16; granting of petition based on the petitioner deeding the county 15 feet of right of way along the north boundary of Lot 40 prior to rezoning.

Dale Price, attorney for the petitioner, objected to Item 4 in the Committee Report as to petition being granted based on deeding right of way to the county, and requested consideration of the petition on its merits.

A. R. Davis presented a petition signed by residents of 24th Street W. opposing the development plan unless assured that recommendations

of the Planning Commission are adhered to. Mr. Hutches pointed out that the residents were objecting to R-1A facing, with only a street as a buffer, a complete section of duplex units.

Carl Parker, who owns property adjoining the English property, objected to a public garage in a residential area, noting that the garage was started, then the Zoning Appeal Board granted a variation for the building.

Earl Baden, attorney representing Roy Parker, who owns property west of the property in question;
Mrs. Mullard - 703 - 75th Street (across the highway);

The Planning Commission recommended approval on proviso that the preliminary plan, presented at public hearing, be adhered to, and based on petitioners deeding county 20 feet of right of way along the west boundary to 75th St. W. for that portion not presently having a 100-foot right of way.

John Blue, attorney for the petitioner, referred to Item 4 in the Committee report, stating that he had no authority as attorney or secretary-treasurer of the Golf Course, to make commitment to deed the right of way to the county; advised would be total of 88 units, density .8 units per acre, which is one-fifth of density allowed under present zoning; agreed that no units would be built on 71st Street until road improved.
