

Nov. 8, 1955.

DESCRIPTION OF
CORPORATE LIMITS, LONGBOAT KEY
(Partly in Manatee County, partly in Sarasota County, FLORIDA.)

COURSES AND DISTANCES TAKEN FROM U.S.C. & G.S. CHART 1256, dated NOV. 8, 1955.

From the original Government Meander Corner designated A on accompanying drawing, and marking the line between Sections 15 and 22 in Township 35 South, Range 16 East, Manatee County, Florida, run N. $10\frac{1}{2}^{\circ}$ E. 2520 yards more or less to point of beginning designated B.

Point B is 600 yards more or less from FL "15" and is on the line connecting FL "15" with FLR "28" and having a bearing S. $49\frac{1}{2}^{\circ}$ E.

From Point B run S. $49\frac{1}{2}^{\circ}$ E. 4100 yards more or less to Point C, which is at the intersection of the line connecting FL "15" and FLR "28", and the extension of a line connecting FL "9" (off City Island) and range light F (located nr. Mangrove I).

From Point C run S. 35° E. 13,220 yards more or less to Point D which is 700 yards more or less from FL "9" and at the intersection of the line connecting range light F and FL "9" and the City of Sarasota corporate line running in a N-S direction.

From Point D run South 620 yards more or less to a Point E located between Occ light at Quick Pt. and FL "9."

From Point E run S. 41° W. through New Pass (transversely crossing New Pass Bridge to the North of the draw span) 2620 yards more or less to Point F in the entrance to New Pass.

From Point F run offshore (in the Gulf of Mexico) along Longboat Key N. 35° W. 13,460 yards more or less to Point G.

From Point G run N. $49\frac{1}{2}^{\circ}$ W. 5110 yards more or less to Point H at the entrance to Longboat Pass.

From Point H run N. $65\frac{1}{4}^{\circ}$ E. to Point I in Longboat Pass between Anna Maria Key and Longboat Key 1650 yards more or less.

From Point I run N. $40\frac{1}{2}^{\circ}$ E. 1490 yards more or less to point of beginning B.

The area within these corporate limits has been computed from planimetered areas from the chart to be approximately $16\frac{3}{4}$ square miles.

NOTE: All of the above courses and distances were taken from U.S.C. & G.S. Chart 1256, Scale 1:80,000. The physical points used to define basic parts of the description are all well defined and maintained. They are all fixed (on piling) navigational lights in Sarasota Bay, and in the unlikely event of any being moved or eliminated in the near future, such could be located, or relocated, at any time if found to be necessary.
